## COMMONLY ASKED QUESTIONS - WHERE WILL MY OUTLET BE LOCATED?

Outlets are located as depicted below for inline & peninsula booths. All other locations require labor on a time & material basis. Exhibitors with hard wall booths must make arrangements with Edlen to bring power inside the booth on a time and material basis.

**ALL Island booths MUST provide the information below. Inline and peninsula booths need to provide this information ONLY if power is required at any location other than the rear of the booth space.** This information allows Edlen the opportunity to expedite move-in by having your power distribution complete prior to your scheduled move-in time. Complete all of the fields below including the "Labor Estimate" Section. Edlen will make every attempt to complete the work prior to your arrival, but it can not be guaranteed.

**1. Provide an Electrical Layout Form:**

- The electrical layout must indicate each power outlet and its location with exact measurements.
- The electrical layout must reflect booth orientation. Use surrounding booth or aisle numbers.
- Identify a main distribution point. Power is delivered to that point and then distributed to other locations. Inline or peninsula booths do not need to provide a main distribution point. Power will be located at the rear of the booth.
- If power is only required in one location in Island booths, indicate that location with measurements on your electrical layout.

**2. What date will you begin building your booth?**

A. Date: \_\_\_\_\_ Time: \_\_\_\_\_

**3. Will you be utilizing any specialty floor covering other than carpet, such as vinyl or wood?**

A. Describe flooring: \_\_\_\_\_

B. Estimated date and time flooring installation will begin. Date: \_\_\_\_\_ Time: \_\_\_\_\_

**4. Show site supervisor:**

Name \_\_\_\_\_ Cell # \_\_\_\_\_

**5. The exhibitor acknowledges there is a minimum 1 hour labor charge for the distribution of services and 1/2 hour for the removal of services. Island booths that only require power delivered to one location incur a 1 hour installation and removal charge.****6. In the event a lift is required to deliver power from the ceiling, or if the exhibitor requests power be delivered from above when it's available on the floor, lift charges will apply for installation and removal. There is a minimum 1 hour installation and 1 hour removal cost for both lift and labor. For safety reasons lifts require a 2 man crew.**
